

Transport case

for highly sensitive components and accessories

TRICOR transport cases offer a secure and prestigious solution for transporting highly sensitive parts and accessories. A precisely tailored black foam base insert with a red cover layer and a hinged lid insert with document compartment keep equipment secure and neatly stowed away – even under demanding conditions.

Your advantages

- / Customised inlays
- / High-quality appearance thanks to multi-coloured foam combination
- / Reusable packaging solution
- / Robust construction for transport and storage
